A dispatch from Newport, R. I., says: It was just a week ago that Rev. Four Hundred. They were sentenced to six months in jail, and the merman was fined \$200, which he paid.

The story spread throughout the cotage colony, and as a result there was a big crowd of fashionables at the beach. Few of the women, however, would enter the surf.

Leeds, in the meantime, got on top in the tin plate industry and controlled several plants that were absorbed by the tin plate combine and became chairman of the executive committee of the pool. He was all business until he met Nannie May Stewart, the divorced wife of George E. Worthington of Cleveland. She is 23 and was married when she

was 16. Leeds is 45.

The first Mrs. Leeds was approached by her husband a month ago and asked to name a cash co sideration to release him from a bond of matrimony. She said, according to the story, that \$1,000,000 was not too much for a man topay who wanted to marry a woman his second love was rated at a high figure. He tried to "beat" the pric. Mrs. Leeds declined to go into the dickering business. The young woman of Cieveland was growing impatient. The chief of the tin plate barons finally sent \$1,000,000 to his former wife, who was living at the Virginia Hotel waiting for the acceptance. This was on July 31 On August 1, at 11 o'clock in the morning, the oill for divorce was filed. Half an bour after filing of the bill the decree was granted. That evening Mrs. Leeds, the first, left Cuicago for the East. She is going to Europe with her boy. Leeds and his Cleveland bride are due in Paris in October.

THE PASSION PLAY .- Bishop A. Van Alexandria Fertilizer de Vyver, who has just returned to Richmond from an extended trip abroad, talked in a most interesting way yesterday of the Passion Play, the performance of which he witnessed at

Oberammergau. "I am afraid the American people do Permitzers, Fertilizer Materials and ment of the performers," he said, "This is due to the fact that all talk of

bringing the play to this country has been by men who simply wished to make money out of the dramatic preeentation of the passion of our Lord.
"I was deeply impressed with the play. Every actor preformed his part,

a majestic impressiveness, which I can-not forget The great audience of 5 000 people who witnessed it appeared to feel as I did. The devcut spirit which animated the performers found a coun-terpart in the hearts of the spectators.

"The play is rendered every ten years, beginning in May. The last per-formance is in October. The performances are always witnessed by immense crowds, many touriets going to Oberam mergan for the purpose. I suppose many of the spectators go to see the performance in anything but a devout spirit, but I think all must come away conscious of the truly religious senti ment which animates the people who

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civi-lized world. Your mothers and grands mothers never thought of using anything else for Indigestion or Bilious-ness. Doctors were scarce, and they seldom heard of Appendictis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's the matter with you. For sale by Gibson

A Mother Telis How She Saved Her Little Daughter's 1 ife.

I am the mother of eight children and have had a great deal of experience there has been a fad among the fashion-ables for midnight entertainments, and the daughter had the dysentery in its worst form. We thought she should die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at o ce. It proved to be one of the very best medicines we ever had in the house. It saved my little daugh-ter's life. I am anxious for every lose ome "bicycle cop" who was patroling the beach heard a splashing in the mother, to know what an excellent medicine it is Had I known it at first it would have saved me a great deal of night at the beach—who could anxiety and my little daughter much to be that was thus violating the proprieties of the time and place as adjust-
